Our pools are built up to a standard and not down to a price, yet we remain mindful of our original charter of providing 'value for money' with our product. With stringent quality control in place, we are able to provide a premium product, both in appearance and structure. Our pools incorporate generous seating, large step areas, safety ledges as well as non-skid coping where applicable.

### Color choice:

With all fibreglass products, we could produce any colour that you desire. We do apply over 30 years' experience and have chosen these three colours as the most practical for the long term. This range will always be added to and we suggest that you check with us at the time of your enquiry. The high grade Mica finish is one of the best on the market and the traditional Lagoon Blue remains the most popular choice due to ease of maintenance.

### Shapes and Sizes:

6m Rectangle

Shell dimensions: 6m x 3.35m Depth: 1.25m - 1.65m  
Waterline dimensions: 5.8m - 3.15m Depth: 1.1m - 1.5m  
Litres approximately: 22,000

This formal pool is ideal for smaller spaces, with a modern extended step entry. The pool offers space for laps which makes turning easier. The pool includes generous seating and a non-skid floor.

6.5m Kidney

Shell dimensions: 6.5m x 3.5m Depth: 1.2m - 1.6m  
Waterline dimensions: 6.2m - 3.3m Depth: 1.1m - 1.5m  
Litres approximately: 24,000

Uniquely designed to fit within smaller spaces; this pool has generous seating along with a non-skid floor. It can easily be converted into a pool and spa combination.

7m Rectangle

Shell dimensions: 7m x 3.35m Depth: 1.2m - 1.7m  
Waterline dimensions: 6.8m - 3.15m Depth: 1.1m - 1.5m  
Litres approximately: 32,000

This formal pool is ideal for smaller spaces, with a modern extended step entry. The pool offers space for laps which makes turning easier. The pool includes generous seating and a non-skid floor.

7.1m Rectangle

Shell dimensions: 7.1m x 4m Depth: 1.1m - 1.6m  
Waterline dimensions: 6.9m - 3.8m Depth: 1.1m - 1.5m  
Litres approximately: 32,500

This pool offers the width advantages of the 9.1m Soft Rectangle with a reduction in length, resulting in a more economical size. All the other features such as the safety ledges and large step area are retained together with non-skid top coating. Value for money is the key phrase with this pool, whilst it remains to be a true family size pool.

7.7m Rectangle

Shell dimensions: 7.7m x 3.4m Depth: 1.2m - 1.7m  
Waterline dimensions: 7.5m - 3.2m Depth: 1.1m - 1.6m  
Litres approximately: 35,500

A formal shaped rectangular pool with steps in each corner. This particular shape makes turning easier and is ideal for swimming laps. The pool includes safety ledges all the way around; making it perfect for those learning to swim.

8m Kidney

Shell dimensions: 8m x 4m Depth: 1.1m - 1.6m  
Waterline dimensions: 7.8m - 3.8m Depth: 1.0m - 1.5m  
Litres approximately: 40,000

A proportional swimming pool; which provides a large play area at the deep end of the pool. The pool features a safety ledge and step area/seat as well as non-skid coping that may be left exposed if desired. The pool also has a non-skid floor.

8.6m Kidney

Shell dimensions: 8.6m x 3.9m Depth: 1.1m - 1.7m  
Waterline dimensions: 8.4m - 3.7m Depth: 1.0m - 1.6m  
Litres approximately: 42,000

Good swimming length whilst remaining an economic pool to maintain. This pool features a safety step and a large step/seating area, non-skid floor as well as a non-skid coping which may be left exposed if desired.

8m Rectangle

Shell dimensions: 8.3m x 4m Depth: 1.1m - 1.8m  
Waterline dimensions: 8m - 3.7m Depth: 1.1m - 1.75m  
Litres approximately: 44,000

This formal pool is ideal for smaller spaces, with a modern extended step entry. The pool offers space for laps which makes turning easier. The pool includes generous seating and a non-skid floor.

9.1m Soft Rectangle

Shell dimensions: 9.1m x 4.3m Depth: 1.1m - 1.7m  
Waterline dimensions: 8.7m - 4.1m Depth: 1.0m - 1.6m  
Litres approximately: 50,000

A traditional, large pool, with a soft rectangular shape to contrast the various freeform swimming pool shapes on offer. This pool features a safety ledge and large step area/seating, non-skid flooring and non-skid coping that maybe left exposed if desired.
